## Profile

After spending three years working closely with businesses and charities within my local area as a WordPress developer. I believe that I am ready for a challenging new career in WordPress Development.

As a chef of 15 years, I believe my catering experience makes me a better and more focused developer. Over the years, this has helped me with attention to detail, working closely to a tight deadline while in a high-pressure environment.

---

## Experience

### **SQ Digital - 2017**

I went to SQ digital as a Junior web developer to learn from the web development team. Over six months, I learned web development basics in an agency environment, including building, testing and troubleshooting WordPress websites.

### **Jam Rock Studios - 2017**

For one month, I worked at Jam rock studios as an intern, remotely working alongside the development team building and maintaining WordPress websites.

## Skills

- Website Design & Development
- SEO
- Building Responsive website applications
- Creating pixel perfect website

## Langues

- WordPress
- Mongo DB/ MySQL database
- Git
- sublime text/VScode editors
- HTML5/CSS3
- Javascript
- React
- Node.js
- PHP

## Work Experience

### **Levens Hall - Chef**

Feb 2019 - Present

I currently work as a Chef at Levens hall in Levens.

My primary duties are reporting to the head chef, keeping the kitchen safe and tidy, helping the kitchen porter, and carrying out prep.

### **Low Sizergh Barn - Chef**

Dec 2014 - July 2019

I was working as a member of the catering team. I was responsible for cleaning the kitchen, ordering stock, and the rotation and stock control of fresh produce.

### **Windermere Golf Club - Chef**

Jan 2005 - Dec 2014

Working as a Chef, I assisted the head chef in preparing lunches and dinner service. I was also responsible for cleaning and general tidying the kitchen and keeping track of the larder and stock rotation.

**More work experience is available at request.**

## **Interests**

Band drummer, model trains, hiking in the lake district with a pub at the end & technology.
