## Profile

Frontend developer with 1-year agency experience.

With extensive experience in Frontend web development, building and deploying a range of websites from many different sectors. Experienced in working with WordPress, PHP and MySQL and MongoDB, plus using custom HTML, CSS and Javascript when needed while thoroughly testing the code and delivering the website applications efficiently while working to tight deadlines.

Able to liaise with all staff members, I keep in constant communication throughout projects, and I have excellent knowledge of collaboration tools such as git and GitHub.

I am also well versed in the latest frontend design practices, including building mobile adaptive websites, SEO practices and UX/UI designs.

## Work Experience

### **Levens Hall - Chef/Cleaner**

March 2020 - Present

I currently work as a Chef/Cleaner at Levens hall in Levens.

Working as a chef and cleaning the Levens hall.

I joined so I could support my family through the covid pandemic.

### **Cherry Concepts - Junior Developer**

January 2019 - March 2020

I joined Cherry Concepts as a Junior frontend developer. I built WordPress websites using a range of disciplines, from simple Elementor websites to giant WooCommerce solutions.

At the beginning of the Covid pandemic, I was made redundant and went back to catering as a temporary solution.

### **Low Sizergh Barn - Chef**

Dec 2014 - January 2019

I was working as a member of the catering team. I was responsible for cleaning the kitchen, ordering stock, and the rotation and stock control of fresh produce.

### **Windermere Golf Club - Chef**

Jan 2005 - Dec 2014

Working as a Chef, I assisted the head chef in preparing lunches and dinner service. I was also responsible for cleaning and general tidying the kitchen and keeping track of the larder and stock rotation.

**More work experience is available at request.**
